Prices are all-inclusive. Separate costs for mileage and planning have been eliminated.

- Costs will be further reduced for districts purchasing learning service credits.
- In order to maintain quality, technology workshops require one facilitator for every 20 people. Additional facilitators are included at a flat fee of \$250.00

EdPlus consultants work with you to design professional learning for your entire staff or a specific group on a variety of topics including:

- Classroom Implementation of the Missouri Learning Standards
- Literacy and Critical Thinking for Core and Elective/Exploratory Classes
- Technology Integration
- Curriculum Development and Implementation
- Differentiated Instruction
- Student Engagement Strategies
- Problem-Based Learning in Elective Courses
- High-Impact Instructional Strategies
- Discourse in Math
- Quality Questioning in All Content Areas

On-site customized learning can include large and small group sessions, classroom observations and modeling of lessons, regular meetings with data teams and/or PLCs, multiple sessions throughout a semester or year, and facilitation of walk-throughs. Together, we can create learning opportunities to positively impact student achievement!
